Brazil on Rails
Brasília, Brasil
11 August 2010
Golden Tulip Hotel

Giving continuity to the calendar suggested by ANTF – Brazilian National Association of Rail Transport, institution that gets together all the operators of weight transport of Brazil (95% from the Market of operators), the main objective of “Brazil on Rails”, in its fourth edition, is to promote the debate between Brazilian Federal Government and the private initiatives about the challenges at an infrastructure and economy level, in the search of higher development and auto sustainability.

The environment of this event made possible to give a good opportunity to Vossloh to meet the main actors of the railway sector and the political leaders of the Brazilian Government, related to Investments, Development and Production areas.

Vossloh South America participated at this important event as Bronze Sponsor with a Lounge in the sector of expositions and a presentation in the exhibition of gigantographies did in parallel to event.
